## GERMAN-SOVIET PACT SIGNED; NO CHANGE IN HITLER'S DEMANDS

Agreement Consummated at Moscow—Balance of Power in Europe Shifts—Poland Sees Hope Of Further Negotiations—Italy Will Stand With Axis Partner If War Comes

BERLIN, Aug. 24 (AP).—Nazi Germany and Communist Russia, long-time ideological enemies, entered early today upon a ten-year non-aggression pact which authoritative sources here saw as smashing what hopes Great Britain and France may have held to align the Soviet Union in their bloc. A day of conferences in Moscow, in which Joseph Stalin took part, sufficed to reach an understanding which the Government said was brought about by a "desire to strengthen the state of peace" between them.

The agreement, even more far-reaching than many observers expected, was signed by Joachim von Ribbentrop, German Foreign Minister, and Vyacheslav Molotov, Soviet Foreign Minister, at the Kremlin in the presence of Stalin.

Von Ribbentrop reported the conclusion of the treaty to Fuehrer Hitler at Berchtesgaden at once, and made arrangements to leave Moscow this afternoon for the Fuehrer's mountain retreat in order to make a personal report.

The understanding in its broadest sense, was felt in political circles here to mean a definite "burying of the hatchet" as far as Nazi diatribes against Communist Russia are concerned.

Article IV, foreign observers immediately pointed out, ruled out the possibility of Moscow still joining the London-Paris front by stating that neither Germany nor Russia will associate itself with any other grouping of powers, which directly or indirectly is aimed at the other party.

Informed persons considered Article III, providing for "consultation regarding questions of common interest," as especially significant in the light of the present conflict between Germany and Poland.

They cited an editorial in the well-informed *Essener Zeitung* yesterday morning which remarked:

## SOUND FERRIES RESUME TODAY

Tie-Up Ended When Both Parties Agree to Accept Arbitration Ruling

SEATTLE, Aug. 23 (AP).—Officials of the Puget Sound Navigation Company announced shortly after 9 o'clock tonight settlement of the strike which has paralyzed ferry service on the Sound for twenty-three days. The announcement followed a long conference between leaders of the Inland Boatmen's Union and company officials. They said all matters of working conditions and wages would be submitted to a board of arbitration, with each party agreeing to abide by the verdict.

Captain John M. Fox, division secretary of the union, said the accord is subject to approval by the membership, but the union's negotiating committee would recommend ratification. One membership meeting was set for midnight and another for 10 a.m. tomorrow, to allow the full membership to attend one of the two.

WITH NO DELAY  
The company announcement said the ferry Kaikala would start for Bremerton at 6:30 a.m., and other services would be restored within forty-eight hours.

The agreement provides for resumption of service under wages and working conditions which were in effect when the strike was called. They had been set by arbitration after the thirty-day strike two years ago. The company will name one arbitrator, the union the second, and the two will select a third.

The agreement came after prolonged participation in negotiations by W. T. Geurts, Federal mediator, and Governor Martin.

A. C. Buckley, general agent in Victoria for the Puget Sound Navigation Company, was advised by wire last night that the *Ss. Olympia* would leave Port Angeles at 3 p.m. today, and arrive at Victoria at 4:40 p.m., sailing again at 5:30 for Port Angeles. The *Itroquois* will leave Seattle at midnight, and arrive at Victoria at 8:35 a.m. tomorrow.

Dominions and Colonies Standing Firmly With Great Britain in Crisis—Ottawa Cabinet Will Meet Today—Hint Immediate Mobilization In Canada If Peace of Europe Broken

LONDON, Aug. 23 (AP).—From outlying parts of the Empire dispatches poured into London today indicating the Dominions and Colonies are standing firm with Great Britain in Europe's grave crisis. As the Dominion's High Commissioners met here to pool information and discuss the German-Polish dilemma, there were indications the Empire as a whole was ready to face any emergency that may arise.

From Canada came word that Prime Minister King will ask Parliament to reassemble if efforts being made to preserve the peace of Europe fail. Mr. King summoned a Cabinet Council to meet tomorrow.

Other Ottawa dispatches said it was regarded as a foregone conclusion that the Canadian militia would be mobilized at once should Britain be involved in war.

FROM AUSTRALIA  
In Canberra, Prime Minister R. G. Menzies said, after a Cabinet meeting, "Australia stands where she stood twenty-five years ago."

He added: "Britain has and will continue to have the fullest co-operation from us in her magnificent efforts to avoid the insanity and injustice of war. If her great efforts fail we will stand with her."

In the Wellington House of Representatives, the thirty-seven-year-old King expressed hope that "other chiefs of State would join their voices" to his in "the same desire for peace and security for their peoples."

King Leopold's address was made with the approval of the Governments of Belgium, Norway, Sweden, Denmark, the Netherlands, Finland and Luxembourg, whose Foreign Ministers completed a hurried one-day conference in Brussels today.

Leopold's speech was delivered in person at the Royal Palace to the representatives of the Celo group and was relayed on an international broadcast.

The King declared a "frightful war" threatens which would know neither victor nor vanquished but in which the spiritual and material values created by centuries of civilization would founder.

Without making any direct offer to mediate, the thirty-seven-year-old King expressed hope that "other chiefs of State would join their voices" to his in "the same desire for peace and security for their peoples."

## WAR DANGER HOVERS OVER EUROPE; FRANCE AND BRITAIN READY

Legion President Renews Offer of Veterans' Service  
Empire Rallies to Support of Motherland—London Warns Hitler to Alter Demands on Poland—French Sound Call to Arms—Nation Awaits Chamberlain's Statement

VANCOUVER, Aug. 23 (CP).—Brigadier W. W. Foster, Dominion President of the Canadian Legion, said today he had wired Prime Minister Mackenzie King, renewing the Legion's offer to place 60,000 registered war veterans at the disposal of the Dominion in time of emergency. "In the present crisis, as in the last, the entire resources of the Canadian Legion are placed at the disposition of their country."

LONDON, Aug. 23 (AP).—Great Britain, its Empire rallying to its support, joined with France tonight in moving grimly toward a war-time footing following apparent failure of an urgent warning by London to Fuehrer Hitler to alter German demands against Poland. The Admiralty sent reinforcements to the Mediterranean fleet to bring it up to full strength. The French Government ordered partial mobilization at an emergency meeting of the National Defence Council. The order meant French troops called to the colors would number between 1,500,000 and 2,000,000.

DEMANDS OF POLAND YIELD  
The German Fuehrer's reported statement, on the eve of the emergency session of Parliament, that Poland must either yield to his demands or be partitioned, came as a staggering blow to hopes for a peaceful settlement.

Hitler's demands were reported in Berlin to include unconditional return of the Free City of Danzig, and those sections of Poland which were German before the Great War, and the acceptance by Poland of a protectorate over the area remaining to her.

Parliament was expected to vote the Government blanket powers to deal with any emergency. All officers and key men in anti-aircraft batteries of the Territorial Army were called up along with an undetermined number of reservists in the army, navy and air force.

EMBARGO ON ESSENTIALS  
The British Government clamped down an embargo on war essentials like copper, steel, scrap iron, gasoline and rubber and gave orders to the whole country to man the air raid warning system day and night.

Tyreside shipowners canceled all sailings to Baltic and German ports until the international situation is clarified. One vessel en route to Hamburg was called back by radio.

The Home Office ordered Air Raid Precaution forces to be ready, beginning tonight, for a nationwide blackout at a moment's notice. All A.R.P. telephones were ordered manned day and night to notify households.

BRITONS WERE WARNED TO KEEP THEIR GAS MASKS READY.  
The Board of Trade issued an order prohibiting export of essential war materials from Great Britain except by licence.

The King interrupted his vacation in Scotland to return to London.

DEFENCE COUNCIL MEETS  
The Imperial Defence Council met to consider preparedness steps.

Mr. Chamberlain consulted with the Foreign Secretary, Viscount Halifax, Home Secretary Sir Samuel Hoare, Lord Chalfont, Minister for Co-ordination of Defence, and other key ministers.

The United States Ambassador, Joseph P. Kennedy, talked with both Mr. Chamberlain and Lord Halifax. He was cheered by the crowds as he left the Foreign Office.

Lord Kemsley, newspaper publisher, who recently visited Hitler, also saw the Prime Minister.

The Foreign Secretary had a talk with Count Edward Raczyński, Polish Ambassador, and discussed the latest developments. Both Poland and France were informed in advance of the message sent to Hitler by the Government.

Both Mr. Chamberlain and Lord Halifax will make statements on the international situation in Parliament tomorrow.

The Foreign Secretary will broadcast Great Britain's case to the world tomorrow night, from Downing Street, where Mr. Chamberlain is staying.

ALL B.C. FIRES  
UNDER CONTROL  
George P. Melrose Leaves For Interior Where Outbreaks at Peak

Yesterday passed without fresh development in the forest fire situation throughout the province as a whole, officials of the Provincial Forest Service said. George P. Melrose, chief of operations in the fire prevention division of the service, left for the Interior to take charge of operations in the Nelson and Kamloops areas, where several serious blazes are still being fought.

On Vancouver Island known fires were reported under control, and no new outbreaks of consequence had been reported up to a late hour yesterday.

The official closure on logging and on unnecessary use of the woods remained in effect, as announced last week. In sum, hundreds of men are fighting fires in the five forest districts, though no outbreak is running wild, provincial officials said.

AMSTERDAM, Aug. 24 (AP).—The Dutch steamer, *Simon Bolivar*, sailing in Scandinavian waters with 200 holiday passengers, was recalled tonight because of the tense international situation.

King Ends His Holiday In Scotland  
BALMORAL, Scotland, Aug. 23 (AP).—King George left Balmoral Castle tonight for an overnight trip to London.

Although Queen Elizabeth and the two princesses remained at the castle, the number of the staff also returning to Buckingham Palace indicated the King was preparing for a prolonged stay in London.

"Bring us peace, Your Majesty," a woman shouted as the King waved to a cheering crowd at Perth, where he boarded his train after a seventy-mile drive from Balmoral.

COBB MAKES NEW RECORD  
LONDON, Aug. 23 (AP).—John Cobb, London broker, boosted the world's automobile speed record above six miles a minute today.

He set a new mark of 368.85 miles an hour for the measured mile and 369.74 for the kilometre.

In two beautiful, whistling runs along a thirteen-mile straightaway and through mechanical timing traps in mid-course, Cobb pushed his 2,800-horsepower *Railton*, Red Lion, to a speed never before equaled on wheels. Hitherto they had been approached only by Capt. George E. T. Eylon, also an Englishman. Eylon's old record for the mile was 357.5 m.p.h., and for the kilometre, 357.34.

THE FASTEST MILE  
The speed for the mile of 368.85 was an average computed from 370.75 for the out-run—fastest mile ever traveled over ground—and 366.97 for the return.

Headed north, Cobb's rate for the kilometre was 367.92, slower than for the mile because the measured kilometre lies at the south end of the track's centre section and is reached before the driver can push his machine to maximum velocity.

On the return, the situation was reversed.

The kilometre speed shot up to 371.59, while the mile dropped to 366.97.

ARE AGREED ON REPLY TO PACT  
Japanese Decide on Policy In View of German-Soviet Agreement

TOKIO, Aug. 24 (AP).—The Japanese army and navy were reported today by Domei, Japanese News Agency, to have reached "complete agreement" on steps to take in reply to the German-Soviet Russian non-aggression pact negotiations.

Widespread speculation centred on these three choices, if the pact proves sufficiently effective to necessitate a change in Japan's status quo.

1. Complete aloofness from European affairs while taking advantage of British chances there to push her campaign in China, but risking increased Soviet activity in the Far East.

2. Patching up the rifts of her friendship with Britain, France and the United States.

3. Bulwarking the Anti-Comintern pact as a self-defence measure (Japan is allied with Germany, Italy, Hungary, Manchukuo and Spain in the Anti-Comintern Pact in a pledge to combat the spread of Communism).

The Japanese were held to have been planning to occupy the Settlements between Japanese and German authorities has been intensified since last Saturday, when a British sergeant of the Settlement police machine-gunned a squad of Chinese policemen of the Japanese-dominated Shanghai municipal administration, killing two and wounding six.

CATHOLIC SCHOOL IS DESTROYED BY FIRE  
MOOSEJONK, Ont., Aug. 23 (CP).—Word reached here today of the destruction by fire of the \$100,000 St. Anne Roman Catholic School and the Hospital of Holy Angels Mission at Albany, 100 miles north of Moosejonek on James Bay.

Every Indian school child and every Indian patient in the hospital was removed safely from the institutions.

LATE NEWS BULLETINS  
POLAND CALLS RESERVES TO THE COLORS  
WARSAW, Aug. 24 (AP).—Poland prepared today for any emergency by calling to the colors a large number of reserves. It was reliably reported. Additional defensive preparations were understood to be under way, including the possibility that still more men would be mobilized. Delays in normal train schedules indicated either troop or reservist movements had taken available engines and rolling stock.

GIVES WARNING TO CZECH POPULATION  
PRAGUE, Aug. 24 (CP-Havas).—The Government of Germany's Bohemia-Moravia Protectorate tonight issued a proclamation reminding the Czech population it was now part of the Reich, and that any "injurious gesture" might mean grave consequences for the entire community.

BRITISH LABOR DEFENDS GOVERNMENT POLICY  
LONDON, Aug. 24 (CP).—The National Council of Labor, speaking for the Labor movement, today reaffirmed its determination that "there should be no weakening in its declared policy of collective resistance to any further acts of aggression by the German Government."

SAYS GERMAN SHIPPING MOVING NORMALLY  
NEW YORK, Aug. 24 (CP).—Commenting on the fact some British companies cancelled sailings to Baltic or German ports, an official of the German-Lloyd Line's New York office said today: "Our shipping into American ports is moving normally. So far as we know, that holds true for all German shipping."

DUTCH STEAMER RECALLED TO PORT  
AMSTERDAM, Aug. 24 (AP).—The Dutch steamer, *Simon Bolivar*, sailing in Scandinavian waters with 200 holiday passengers, was recalled tonight because of the tense international situation.

## Dominion Prepared To Protect Country If War Should Come

Plans Completed for Quick Mobilization of Canadian Forces—Would Call Up Reserves for Air, Land and Sea Units

OTTAWA, Aug. 23 (P).—Detailed plans to insure the security of the Canadian people are in constant readiness and would be put into effect instantly should war become an actuality, Hon. Ian Mackenzie, Minister of National Defence, said tonight. He did not wish, however, to discuss details of the plans.

Should Canada become involved in war, a complete plan for mobilization of all Canada's defence forces would be immediately set in operation. Units of the small permanent

army, scattered through the Dominion, are always mobilized, but would be brought up to war strength by calling up the reserves and the entire volunteer militia force.

Royal Canadian Air Force non-permanent squadrons, aerial counterpart of the volunteer militia, would be added to the strength of the permanent air force squadrons and naval volunteer reserves and the regular naval reserve would swell the ranks of Canada's full-time navy.

### PLANS ARE READY

Fifteen committees of the Government service, in which almost every department has been represented, have been working on the plans. They were ready last September, during the Munich crisis, but have since been greatly improved and elaborated.

Mr. Mackenzie expressed satisfaction with the way the plans had been prepared and was confident that if it became necessary to put them in operation they would work with the utmost smoothness.

Canada's militia has a training strength of 45,000, but due to some extent to the Royal visit, there was a rush to volunteer last spring and the enlisted strength is now probably more than 50,000. Reserves will further increase this number. Many will be required at Atlantic and possibly Pacific Coast towns in event of war.

### PREVENTIVE FORCE

To deal with enemy agents in Canada and protection of property against sabotage will require a considerable portion of the troops. The impression here is that the size of the militia would be immediately increased.

Parliament would decide to what extent the militia would be increased. TECHNOCRACY PRESENTS Mrs. E. Joberg, S.O.E. Hall, Friday, August 25, 8 p.m.; 25c.

## PIPERS OFF TO SAN FRANCISCO

Scottish Regimental Pipe Band Leaves to Compete at World's Fair

En route to San Francisco to participate in the Pacific Coast Pipe Band championship contest on Saturday, the Canadian Scottish Regimental Pipe Band, including pipers and drummers of the 1st and 2nd Battalions, left here yesterday morning. On the march to the Seattle boat, the band stopped at the City Hall, to be addressed briefly by Mayor Andrew McGavin.

"I know you will be a credit to Victoria when you visit San Francisco," the Mayor said to the bandmen. "With your smart, clean and striking appearance, you have made a good name for yourselves on previous trips to the California city."

### PUBLICITY FOR CITY

In wishing them bon voyage and good luck, Mayor McGavin said valuable publicity would accrue to this city, due to the large crowds that would witness their demonstrations on Treasure Island, site of the World's Fair.

The band is making the trip through the courtesy of Colonel J. R. Klingham, officer commanding the Canadian Scottish Regiment.

Major J. D. Horne will be in command of the eighteen-piece group, and Pipe-Major Donald Cameron, of the 1st Battalion, will conduct. Pipe-Major A. Wallace, of the 2nd Battalion, will also play in the band.

The bandmen will give several performances in front of the British Columbia exhibit on Friday and Sunday, returning here on Wednesday, August 30.

Individual members of the organization will participate in solo events, and Piper James MacBeth will compete in the Highland dancing.

## DANGER OF WAR COVERS EUROPE

Continued from Page 1

made his dramatic statement two days before the Munich Conference last September.

As indications came from the Dominions that they agreed with London's stand, the Dominions' high commissioners met here tonight to study ways and means of active co-operation.

Gibraltar was placed on a virtual war footing. All soldiers' leave was cancelled at the British rock fortress, defence posts along the great rock were manned with full complements, including heavy artillery emplacements and anti-aircraft guns, and a barricade was thrown across the north entrance to the harbor. Reinforcements were sent to the Spanish border as the Gibraltar Defence Committee met to consider further action.

Dispatches from Australia and New Zealand indicated those Dominions were standing firm behind Great Britain.

### CALLED TO ARMS

PARIS, Aug. 24 (P).—Posters calling two French classes to arms were plastered on Government buildings early today as France increased her military forces to almost 2,000,000 men in a partial mobilization against a feared clash with Germany.

Announcement that a German-Soviet Russian non-aggression pact had been signed in Moscow caused deep pessimism in France.

Government sources had said prior to the Munich announcement that signing of the pact would make it "almost impossible to avoid war over Germany's Danzig claims."

Requisitioned taxis early today in Paris carried "bucket brigades" to various Government buildings where they posted up the posters. Automobiles and trucks also were requisitioned.

The first to be posted were the requisition orders which read: "The right to requisition is opened in the commune of Paris beginning Thursday, the twenty-fourth of August, 1939, at zero hour."

Little knots of early morning home-goers read the posters, then made their way home darkly minding the repetition of the exhausting daily struggle of 1914-1918.

A few wept in the rain-washed streets. French Government officials had clung to the hope the German-Soviet pact would not be signed, but would drag in endless negotiations. France took no chances.

SUMMONS RESERVISTS Shortly after Premier Edouard Daladier, with General Maurice Gamelin, walked grimly out of an emergency National Defence Council meeting in the War Ministry, a blue communique was issued: "Due to the international situation, the Government has decided to complete the military measures already taken in recalling a supplementary contingent of reserve soldiers."

As if to banish any doubt as to what they meant, officials added the call was being made by posters plastered on the walls of police stations, town halls and other public buildings.

When the posters bearing the crossed tricolors are used to call

troops it means only one thing—at least partial mobilization. It means that the men who have finished their two-year term of military service during the last two years are already called, as well as certain reserve specialists.

On the diplomatic front Danzig was almost forgotten.

Reports from the French ambassador, Robert Coulondre, at Berlin said the Nazis planned on taking Danzig before August 31, but French sources said that the magnitude of the crisis left any concern about Danzig far behind.

The French view was simply that Germany's military preparations and press campaigns, diplomatic moves and all the machinery of her "war of nerves" had gone too far to stop if the effect of a quick signature of the pact in Moscow was added to it.

Foreign Minister Georges Bonnet talked with Count Kuehn Hederfeldt, the minister from Hungary.

Hungary, it was reported in Paris, has remained firm in its refusal to let German troops pass through Hungary in the event of a conflict.

One figure prominent in military conversations in Paris was General Auguste Nogues, commander of France's North African troops.

He is resident general of Morocco as well, but his talks with Daladier and Bonnet concerned not only that protectorate, but all of French North Africa.

Through all these obvious military preparations the country remained calm.

RUMANIA IS NEUTRAL BUCHAREST, Aug. 23 (P).—Rumania, with 850,000 men under arms, declared tonight she was determined to remain neutral if war came to Europe and would fight only if attacked.

The Foreign Office disclosed Poland was informed "some time ago" of Rumania's intention to remain neutral.

It was pointed out Poland and Rumania have a treaty for military co-operation if either is attacked by Russia, but there is no provision regarding possible German invasion.

Poland was believed to have placed great dependence on Rumania for transporting military supplies from Great Britain and France. Bucharest officials declined to say whether neutrality would mean closing the common frontier with Poland. It is little more than 100 miles long, flanked by Russia and Hungary.

Foreign observers in the capital declared Rumania's position was nearly as perilous as Poland's, if the Russian-German understanding is concluded.

Russia has claims on Bessarabia, part of Rumania's share in the division of Great War spoils. Germany has long sought to exploit the natural riches of King Carol's realm.

ROOSEVELT RETURNING WASHINGTON, Aug. 23 (P).—President Roosevelt hurried home from a suddenly-curtailed vacation today, while Washington wondered if it was his intention—using his own phrase for it—to "fire another shot for peace" in Europe.

High officials of the State Department made arrangements to go into conference with the President immediately upon his return—scheduled for midday tomorrow—and also to go over the situation at once with State Secretary Cordell Hull.

Mr. Roosevelt was aboard the U.S.S. Tuscaloosa, keeping in touch with the fast-moving European events by means of radio dispatches from the State Department.

The President has felt, and repeatedly said, that it is the duty of preserving peace and protecting its own interests, to bring its influence to bear against war.

## PREMIER AWAY FOR FAR NORTH

Cabinet Dispersed as Holiday Season Continues in Provincial Offices

Provincial affairs settled down into the post-holiday season last night. Premier Pattullo left for the Far North, with plans to be away for two weeks. Acting Premier Hart remained in charge for the Cabinet here.

Only the forest fire situation remained as an active subject of inquiry, and that was a little improved, reports showed.

Hon. Dr. G. M. Weir returned to the Mainland during the day for a brief visit before going North at the end of the week on an inspection tour of school districts in the Peace River.

Hon. W. J. Asselstine returned at the start of the week from an inspection tour of the Province's oil-seeking operations near Hudson's Hope. Prospects for the finding of oil, he declared, were excellent, and drilling might be undertaken next year.

Hon. Dr. K. C. MacDonald will leave within the next few weeks on the annual circuit of Provincial Fairs.

Extra-mural boards in charge of various functions were busy with tentative plans for seasonal legislation. While official announcement has not yet been made, the third session of the Nineteenth Legislature is expected to commence early in October, as at present considered.

Provincial Civil Service staffs were midway in the annual holiday period, with skeleton staffs in some offices and field parties on triangulation and other work still away on their duties.

Hon. P. M. MacPherson, Minister of Public Works, will return to the city in mid-September after a month's vacation south of the line, in which he will visit Eastern and Western exhibitions and travel through the Panama Canal to the Atlantic seaboard.

## PREDICTS MORE COLORED FILMS

Warner Bros. Unit Production Manager Says Technique Nearing Perfection

The greatest field for new development in the motion picture industry is that of color technique, according to H. Lee Huginin, unit production manager for Warner Bros. Pictures, who was at the Empress Hotel yesterday.

"In the next few years we are due to see amazing advances in color films," Mr. Huginin said. "The only thing that has held 'color' pictures back in the past is the great expense that is involved in their production. But that difficulty is fairly well overcome now, and we may expect more and more Technicolor films as time goes on."

The early color films did not receive as enthusiastic a reception as they might have done, owing to the fact that the coloring was often extreme, and hard on the eyes of the observer, Mr. Huginin explained.

This defect was largely a thing of the past, however, and pictures like the recent Warner Bros. color success, "Dodge City," had not been open to the same criticism. Producers of colored film were now

using three negatives simultaneously, he said, and obtaining much more satisfactory color harmonization.

### VANCOUVER SHIPPING

VANCOUVER, Aug. 23 (P).—The motorship California Star, one of three vessels recently constructed for the Blue Star Line's Pacific-United Kingdom trade, will shift here soon from Victoria, where she is now discharging.

Pacific Enterprise, a Furness Line vessel, arrived here yesterday, discharging several passengers from Manchester and Los Angeles. J. McLennan, Mrs. E. M. Chapman, Mrs. M. E. Twiss and Anthony Drouds will board the vessel here for the return trip.

The vessel will shift to New Westminster after loading here, and leave the Fraser River port on September 2 for the United Kingdom.

The Silver-Java Pacific Line's Djambi went into drydock on arrival here yesterday with cargo from the East Indies.

The Djambi, a Dutch vessel, will load general cargo here for the outward trip.

# VOTE "NO" AND BE BRITISH!

**KING GEORGE VI SPENDS HIS TIME AND MONEY** providing camps and youth hostels for British youth. Why should Victorians who want to do the same be abused as "un-British"—by an outside organization called the "Moderation League"? The eminent Britishers who administer the King George V Memorial Fund are not building beer parlors for the British youth. They are building sports centres and recreation grounds.

**AMERICANS ARE SICK OF BEER PARLORS**

Last year they threw them out of 70% of the communities where plebiscites were taken. Tourists say, "Keep Victoria different."

**BREWING INTERESTS NOW WANT TO EXTEND THEIR MONOPOLY**

from the field of production to the field of distribution. They want you to vote for beer parlors so that you will have the "privilege" of paying more for your beer in their premises than you now pay at the Government Liquor Stores. Beer is the enemy of social progress. The only things that ever came out of a beer parlor were Adolf Hitler and his Munich roughnecks, and Horst Wessel with his prostitutes and strike-breakers.

**KEEP OUR ROADS SAFE**

"The majority of fatal accidents during the last decade have occurred on the stretch of highway between Victoria and the beer parlors located from one and a half miles to six miles distant."

(Moderation League Advertisement) Times, August 22, 1939.

**"AN INSULT TO THE PEOPLE OF VICTORIA"**

The Moderation League has come over to Victoria to insult us and the police force which we, as taxpayers, keep up. They insinuate that "uncontrolled hole-in-the-corner" bootleggers flourish here despite our police. They write that our roadways are "poorly lighted and inadequately patrolled." Then they turn around and with unprecedented nerve tell us that OUR police force will keep THEIR beer parlors "open-and-above-board." Why not tell us who paid the police and court expenses entailed in convicting Vancouver's 1,800 drunks last year? Who paid for the lodging of 600 of them in jail? Not the Moderation League, nor the brewers back of them. THE TAXPAYERS PAID THE BILLS. OUR TAXES ARE HIGH ENOUGH NOW. VOTE "NO."

**BEER PARLORS GOT INTO VANCOUVER BY 78 VOTES**

New Westminster got them because only 60% of the people voted. Come out today and let the Moderation League know that we live in a democracy. Victoria has said decisively "NO" twice before. Let us rid this city, once for all, of smooth boys from the Mainland. VOTE "NO."

YOU CAN VOTE if you are on the provincial voters' list for Victoria municipality.

Will Study Technical Side  
In America

To study the technical side of American museum organizations, S. Koperberg, secretary of the Java Institute for promoting Javanese art and culture and director of the museum Sono Boedjo, "House of Culture," arrived here yesterday aboard the Canadian Pacific Ss. Empress of Canada on his way to the United States. Concluding his mission in that country, Mr. Koperberg will continue to Europe and, after spending some time in Holland, will proceed home by way of Suez.

Mr. Koperberg, who has been identified with research and museum work in the Dutch East Indies for the past twenty-six years, stated that the aim of the Java Institute, which was started in August, 1919, is to develop the native cultures of Java, Madura and Bali. The practical means to this end are represented in the establishment of the Museum for Javanese Arts and Culture and a School for Javanese Arts and Crafts, both at Jogjakarta; the publication of a popular periodical for the purpose of imparting, to as large a circle as possible, information with regard to well-known or unfamiliar subjects related to Javanese culture; the reproduction of easily understood essays and epitomes from technical periodicals and special scientific articles carried out in different fields.

Javanese art and culture has a wide and distant background. Mr. Koperberg told ship reporters during the stay of the Canada at the local dock, and while its art shows some

CONSIDERING  
PROPOSITIONChunking Studying Immigration  
Plan Endorsed by  
Yunan Officials

Interested in a partly-developed enterprise which aims to settle the favored plateau of Yunan Province, Central China, Jacob Berglas was a passenger arriving here on the Canadian Pacific liner Ss. Empress of Canada from Shanghai yesterday. Mr. Berglas is on his way to New York, London and Berlin, he told newspapermen in his suite aboard the ship after the liner docked.

Prominent Berlin banker with high connections in London and New York, Mr. Berglas is also head of a large concern engaged in the construction and equipment of woolen plants. It was in connection with the erection of woolen factories at key points in China that he went to the Orient in the first instance five years ago, and was in possession of contracts for the building of several when the Sino-Japanese war prevented his company from carrying them out.

Having to defer the erection of the factories until happier times, Mr. Berglas said he saw an opportunity six months ago for placing a large number of skilled Europeans in a part of China possessing wonderful natural resources and a climate comparable to that of Switzerland. Heads of the Chinese Government of Hunan, with all of whom he is on friendly terms, endorsed the plan, which he has now developed to the point where it is almost ready to put into operation.

## NOT CHARITABLE

Mr. Berglas' plan for placing 100,000 Europeans in Yunan is far from being a charitable one, he explained. If he is successful in interesting the proper people in his scheme, which is purely a co-operative one, he envisions well-being for all who take advantage of the opportunity, as well as better things for the natives of Yunan. In this connection, he has anticipated the criticisms which may assail his proposition, the fruition of which, he said, will not interfere in any way with the living standards of the Chinese or be in competition with native labor.

"Any plan proposing to establish a large block of people in an already heavily-populated country," Mr. Berglas pointed out, "would be doomed to failure the instant it contemplated throwing them on their own resources in a Chinese province like Yunan, and could have only one outcome where a laboring man can be had at the rate of \$1 of United States currency for a month's work."

"My plan does not anticipate taking work away from the Chinese, but making it for them. It is all a matter of fundamental economics, and must be tackled as such. The Europeans who go to Yunan will be average men and women, principally industrialists, who can take the raw products of the richest province of China, untouched by war, and turn them into marketable goods for sale at prices which will prove attractive to a large part of China's 500,000,000 inhabitants."

## MONEY REQUIRED

Going into further details, Mr. Berglas said that anyone dealing in the capital, the money to be administered by a committee. He also stated that for the amount required, immigrants accommodated at present in European camps cost far more a year to maintain than is needed to make them eligible for settlement in Yunan, selected for its advantages.

Asked how long it would be before his plan could be placed in operation, Mr. Berglas said that everything proceeds smoothly, immigration could begin within six months on a major scale. He pointed out in conclusion that the whole problem of immigration necessitates rapid action at the present time and, as its sponsor, he is doing his best to assure the speedy completion of this particular plan.

CHARTER SHIPS  
TO LOAD GRAINSix Vessels at Montreal Will  
Take 1,500,000 Bushels  
Next Month

MONTREAL, Aug. 23 (CP).—Six vessels have been chartered to carry Canadian wheat to Great Britain next month, a Montreal shipping firm reported on information in shipping cable reports from Great Britain.

An official of the company said cable advices reported the freighters would be the Longford, Wearwood and Trevark, and three vessels from the Headland Line fleet. He did not know whether the ships had been chartered by the British Government.

Grain and shipping men here were inclined to believe that the shipments were merely in the regular run of grain exports chartered by British importers.

"The 1,500,000 bushels or so that would be involved in using the half-dozen vessels is only a drop in the bucket to the regular grain trade going down the St. Lawrence bound for Britain," one official said.

## Board Price Starts Early Movement of Prairie Grain Crop

Initial Payment to Farmer to Encourage Winter Storage—More Trains and Crews Are Needed to Carry Yield to Market

WINNIPEG, Aug. 23.—Movement of Western Canada's 1939 grain crop to market is swinging into full stride, with prospects that deliveries will hit peak figures earlier than usual because the Federally-guaranteed initial price is so much better than the market value.

Under Government order the Canadian Wheat Board is paying an initial price of seventy cents a bushel for No. 1 Northern, basis Port William or Vancouver, but the market price for the same grade today was sixty and three-quarters cents even after the day's price jump of nearly five cents.

"It is expected that this year deliveries will be earlier than for many years, because the farmer finds it cheaper for the Wheat Board to carry his wheat than to carry it himself with all the risks of destruction," explained E. B. Ramsay, chairman of the Board of Grain Commissioners for Canada.

### WHEAT DELIVERIES

Wheat deliveries since the start of the crop year, August 1, bear this out, for they total 20,876,000 bushels to date, compared with 15,778,000 bushels for the same period last year.

The nation's grain-handling facilities and manpower are ready to handle what is expected to be Canada's largest wheat crop since it produced 443,061,000 bushels in 1932. No official estimate of the 1939 crop has been made, but The Winnipeg Free Press has forecast a Western crop of from 380,000,000 to 390,000,000 bushels and other esti-

mates have approximated those figures. If the actual yield justifies these estimates, the Western crop will be nearly 100,000 bushels above the average for the last ten years.

Elevators were practically "swept clean" in preparation for the harvest rush, said Mr. Ramsay. Country elevators, with a total capacity of approximately 180,000,000 bushels, contained less than 11,000,000 bushels of wheat August 19, most of it new crop.

Terminal elevators at the Lakehead, with capacity of 95,000,000 bushels, held about 11,500,000 and those on the Pacific Coast about 5,000,000, compared with 16,000,000 capacity.

### HEAVIER SHIPMENTS

Although the grain rush at Port Arthur and Port William has hardly started, shipments are expected to be considerably heavier than last fall, when, from August 1 to the close of navigation, they totaled 108,000,000 bushels of wheat, 9,000,000 of oats, 12,000,000 of barley, 500,000 of flax and 1,000,000 of rye. It is estimated unofficially that 150,000,000 bushels of wheat alone will be shipped from the Lakehead this season.

The gaunt terminal elevators towering above the shores of Lake Superior have been overhauled and it is expected extra crews totaling 700 men will bring the number of elevator employees at the Lakehead to close to 2,400 at the season's peak. The Canadian fleet of 200 lake freighters represents a carrying capacity of 27,000,000 bushels of wheat and, working to capacity from the Lakehead to Eastern ports, could move 81,000,000 bushels a month. A number of vessels have been tied up all season, but all are expected to be put into use as grain carriers.

### ADDITIONAL TRAINS

Thousands of box cars are being moved from Eastern to Western railway lines to meet the rush. The Canadian Pacific Railway reported sixty-two locomotives and 105 cabooses transferred west to handle the "grain specials." Extra train crews are being taken on from seniority lists.

W. I. Munro, general superintendent of Saskatchewan district, Canadian National Railway, said the district is prepared to handle the heaviest crop in ten years, "well in excess of 60,000 carloads."

Only a small portion of the Saskatchewan and Manitoba crop, perhaps 2,000,000 bushels, goes to the Hudson Bay port of Churchill for shipment, the rest going to the Lakehead.

Depending upon the freight rates and available markets, the Alberta crop is moved either to the Pacific Coast or the Lakehead. Mr. Ramsay estimated an average of about 30 per cent of the Alberta wheat crop goes to the Pacific. Alberta's wheat yield last year approximated 140,000,000 bushels.

The Prairie harvest, which The Winnipeg Free Press estimated would give employment to 5,000 men, in addition to full-time workers, is well under way, but threshing will not be finished in many districts for a month or longer.

### THE VOTE ON BEER

Sir—A number of most useful letters have appeared in your column moving against the introduction of beer parlors.

On the morning of the day for voting, it may influence many to hear again what God, Who is not mocked, declares: "Woe unto him that giveth his neighbor drink that puttest thy bottle to him, and makest him drunken also, that thou mayest look on their nakedness. The cup of the Lord's right hand shall be turned unto thee, and shameful spewing shall be on thy glory." "The Lord is in His holy temple; let all the earth keep silence before Him." (Habakkuk II.)

By voting "yes" we connive with those who will be incurring upon themselves the above curse and will accordingly have to bear our share of responsibility.

### THE GARBAGE QUESTION

Sir—There have appeared many letters in the press recently concerning the disposal of the garbage in this city, and everyone seems dissatisfied with the method of present disposal, and rightly so, too. Now in yesterday's news I see some of the people of Oak Bay are protesting the dumping of garbage in a heap as a breeding place for rats, and they are now infesting their houses. It seems to me the only satisfactory way to deal with this question is to buy an incinerator and burn the garbage, which is the only thing to do with all rubbish and refuse. It may cost quite a bit of money at the outset, but it will pay for itself over and over again as time goes on, and if the city cannot handle this matter alone why not buy one with joint subscription and fair proportion and co-operation with the municipalities of Oak Bay, Saanich and Esquimalt. Surely, it can be done, and settle once and for all this perpetual complaint and deal with it in the only real way it should be dealt with.

### MORAL REARMAMENT

Sir—It is not necessary for me to endeavor to impress upon the citizens of this city the fact that the world today is rapidly approaching a state of complete discord. Indeed, that is putting it mildly.

What, then, can be done? Surely it is quite apparent that something must be done, and done at once! The question we all ask is, "What is the remedy? What can be done to bring peace on earth, and establish good will amongst men?"

Most of the answers seem to deal with changes in systems of government, etc., but has it not occurred to the leaders and statesmen of the nations of the world, and of our own Canada, and indeed to each one of us, that not by changing systems of government, but only by changing and developing the human personality, can we hope to rebuild a better world.

Do not think that you—that we—are helpless to change existing conditions. For it is you, and me, all of us together, united in the common cause to build a decent world, that will be successful; not through war but through the spirit of absolute honesty; absolute usefulness; absolute love, and absolute purity. If each one of us, individually, will apply these standards to our lives, we shall be a new nation, and a new world, armed not with those things which destroy, but with that

## SAYS TRADE ENCOURAGING

Frederic Hudd, Canadian Commissioner, Pays Brief Visit to Victoria

A substantial balance in favor of Canada in trade with Great Britain was mentioned by Frederic Hudd, chief Canadian trade commissioner in Great Britain, during a very brief visit to Victoria yesterday.

Comparing trade at present with that of 1931 and 1932, Mr. Hudd said that Canadian exports to Great Britain had increased by nearly 150 per cent, while United Kingdom exports to Canada had increased by 40 per cent.

### ORGANIZED PLAN

Mr. Hudd expressed the opinion that in spite of the troubled international situation, the opportunities today were greater than ever before in the trading history of Canada and Great Britain. Through the Department of Trade and Commerce, the Federal Government was endeavoring to make Great Britain conscious not only of Canada, but of specific Canadian products. It was only within the past two years that the Government had been working on an organized plan designed to produce the maximum results.

Referring to British Columbia products, Mr. Hudd said that these had found their way to the four corners of the world, through the zeal and enterprise with which they had been exploited.

While in the city Mr. Hudd conferred with the Provincial Ministers of Trade and Industry and Agriculture, with R. S. O'Meara, of the Bureau of Industrial Trade Extension, and other departmental officials, and with the Victoria committee of the Canadian Manufacturers' Association.

There's more than SCRUBBING to "washing" summer

Summer's lovely new wash clothes were not made to be scrubbed in the old-fashioned way. Washables should be "Summer Fabric Cleaned"—an improved cleansing that is more gentle upon fabric and color, that retains the fine fit, style and shape of a garment and makes clothes look better and last longer.

## NEW METHOD

## Will Hold Camp For Boys' Band

At the regular band practice of the Kinsmen's Boys' Band, held on Tuesday evening in the new bandrooms, 1114 Langley Street, the committee announced final arrangements for the holding of the weekend camp at Glin Lake. Through the courtesy of the Y.M.C.A. the Summer camp at the lake has been loaned to the band for August 25, 26 and 27.

Twenty-five members of the band announced their intention to attend, and these are asked to meet at the bandrooms at 6:30 p.m. on Friday, when transportation will be provided to the camp by members of the Kinsmen Club. A complete programme has been drawn up to cover all activities, including special marching band practices under the direction of the conductor, Alfred Prescott, and an address by Vivian Shoemaker, of the Y.M.C.A. The camp will be under the direction of the band committee, headed by E. H. Harris and Edward Baker.

**SAYS HONOLULU PEACEFUL CITY**  
Mayor C. S. Crane, Visiting Here, Claims Disputes Forgotten in Hawaii

Honolulu, one of the world's most international cities, is also one of the most peaceful, according to its chief executive, Mayor C. S. Crane, who arrived in Victoria with Mrs. Crane on board the Empress of Canada yesterday.

"Despite the variety of races which make up the city's population, and the international crises which are constantly stirring up hatred in Europe and the Far East, Honolulu is surprisingly free from racial differences," the mayor said. "The inhabitants of the city have simply learned to ignore foreign disputes, and manage to get along in perfect harmony with their neighbors."

Mayor Crane explains that on his City Council of nine members, four nationalities are represented. By party persuasion, there are five Republicans and four Democrats. The mayor himself is a Republican, and has been a leader in the Hawaiian party for the past eight years. In spite of the differences, however, he says that the council is a remarkably easy one to deal with.

"We have not been particularly worried over the struggle in the Orient," the mayor said. "Even the recent rough treatment of British and American nationals by Japan has not caused undue alarm among our people. We are extremely concerned, however, over the gravity of the international situation in Europe at the present time."

Honolulu, like Victoria, is experiencing a great tourist year this season, the mayor declared. The year will be one of the best on record, owing to the fact that both Winter and Summer seasons have seen exceptionally fine weather.

Mayor and Mrs. Crane are making a two-and-a-half month tour of Canada and the United States. They will leave Victoria tomorrow, proceeding to Seattle.

## Victorians Will Ballot on Beer Plebiscite Today

Upwards of 15,600 Provincial Voters Eligible to Go to the 100 City Polling Divisions Between 8:00 A.M. and 8:00 P.M.—Keen Interest Displayed in Brief Campaign

PROVINCIAL electors will go to the polls in Victoria today for their third vote on the issue of the sale of beer by the glass in licensed premises under Government control. Twice before, in 1924 and in 1931, beer sale was voted on, with negative results. Former polls, however, are considered little precedent, considering substantial changes in the voters' list and repeated demands for a fresh test of the issue.

Upwards of 15,600 individuals will be eligible to record their choice today, at one hundred neighborhood polling divisions. Maps showing polling divisions by areas have been distributed generally, and publicly displayed. Polls will open at eight in the morning and close at eight at night. Employed persons are assured four consecutive hours of duty while the polls are open, in which to ballot.

There were several interested night-eyes standing around the mouth of the new coal mine at Blakely, and a chap who was passing in his car, stopped and came over to discover the reason for the interest. Just then a man emerged from the drift with a pony and a tub of clay.

"Does that hole go in very far?" asked the stranger, gazing into the drift, full of curiosity.

"About 400 yards," the man told him.

"Straight in all the way?"

"Aye," exclaimed the stranger, "what on earth's the reason for going all that distance to seek a tub of clay?"

## NET FINALS ARE CARDED

British Columbia Junior Tennis Titleholders to Be Named Today

DUNCAN, Aug. 23.—The finals were reached in all events in the British Columbia open junior and Vancouver Island junior championships at the Duncan tennis courts. In the boys under 18 singles, the British Columbia closed champion will meet Dick Odman, of Seattle, in what should be a good final, Thursday afternoon.

Paula Merrix, of Victoria, and Muriel Birch, of Vancouver, will meet in both the under 18 and under 16 girls' singles.

Miss Merrix teams with Oscar Roels in the under 18 mixed, with Muriel Birch in the under 18 girls' doubles and with Jeffries, of Vancouver, in the under 16 mixed.

Dick Odman, of Seattle, was carried to three hard sets by W. Knotts, of Victoria, in the boys under 18 singles. Knotts won the first, 5-7, and lost the next two, 6-4, 6-2.

The tournament, played under perfect weather conditions, has been run off in splendid style by the tournament officials, N. R. Staples and Miss Dawson-Thomas, and a good crowd is expected to see the finals tomorrow.

## MANY ATTEND LAST CONCERT

Public Shows Appreciation Of Summer Entertainments at Beacon Hill

The third and last of the orchestral concerts sponsored by the B.C. Electric Railway Company at Beacon Hill Park took place last night, the largest audience of the series attending. The conductor, Alfred Prescott, and his musicians were given an ovation at the close, the popularity of these events being seen in the early filling of all available seats.

Again a popular programme of classical and modern music was presented, orchestra and soloists alike injecting life and spirit and enthusiasm into their work. The numbers presented by the orchestra were the overture music of Bolideau's "Call of Bards," Mozart's "Benedictus," Schubert's "Marche Militaire," and selections from Wagner's "Tannhauser," which, in their highly creditable performance, showed the results of the summer's playing. This is the last number, ending the programme, was vociferously applauded.

The soloists too had a flattering reception, all being recalled for encore numbers. Miss Honor Berwick's voice carried splendidly through the amplifier in Schubert's "Benedictus," "Ye Banks and Biers" and "My Hero," from Strauss' "Chocolate Soldier." Her encore number was "Pale Moon" (Logan), Pierre Timp, baritone, climaxed a group containing "Youth" (Allison), and "I Passed by Your Window" (Braine), with the rollicking "Come Let's Be Merry," after which he was recalled and sang "There is a Land."

The trumpet solos by George Green had an enthusiastic reception, cause "d'Harlequin," "They were 'Lost Chord' and 'Be-'

## PERSONAL ITEMS and SOCIAL HAPPENINGS

## Government House Welcomes Visitors At Informal Party

His Honor the Lieutenant-Governor and Mrs. E. W. Hamber Are Hosts to British Schoolgirls, Who Are Privileged to Inspect Royal Suites

TEA at Government House as the guests of Hon. E. W. Hamber, Lieutenant-Governor, and Mrs. Hamber, and a morning swimming party at the Crystal Garden constituted the highlights in yesterday's programme for the visiting British schoolgirls.

At Government House the guests, who were accompanied by their Victoria hostesses, were received in the drawing-room by His Honor and Mrs. Hamber, the latter wearing a charming floor-length dress of flowered tulle with a double-strand pearl necklace. In attendance were Brigadier J. Sutherland Brown, Major R. L. Mitchell, Capt. Hobart Molson, Capt. N. Van der Vliet and Mr. Hew Paterson.

Tea was served in the ballroom, the table covered with a Madeira cutwork cloth, having a lovely arrangement of mauve-shaded asters in a large silver bowl, with orchid-colored candles in branching silver candelabra. Presiding at the urns were Mrs. Curtis Sampson and Mrs. Albert Sullivan.

**BEAUTIFUL FLOWERS**  
Beautiful flowers were used in all the reception rooms—dahlias, roses, and gladioli in the drawing-room, and enormous vases of golden-glow, gladioli, and asters in the ballroom. Assisting with the reception of the guests were Mrs. Sampson, convenor of the social committee; Mrs. L. A. Genie, Miss Agnew, Dr. T. A. Rickard and Bishop Sexton, and helping in the tea room were Mrs. Hew Paterson, Mrs. Molson, Mrs. Van der Vliet, Mrs. Sutherland Brown and Mrs. Mac Rice.

After tea the guests were invited upstairs to see the suites occupied by the King and Queen during their recent visit, a privilege which was greatly appreciated by the girls, who examined every detail with lively interest.

**OUT TO BEAT IT**

The champion weight-lifter had influenza. The doctor examined him carefully and said: "You'll have to take things easy with a temperature of 101."

The weight-lifter sat up eagerly. "Only 101 doctors?" he said. "What's the world record?"

**WEDDING ANNIVERSARY TODAY**

MR. AND MRS. W. H. WOODFORD

3128 Glasgow Avenue, are celebrating the fifty-second anniversary of their wedding today. They were married in Birkenhead, Cheshire, England, in 1887, and have lived in Victoria since 1924, after coming from the Prairie.

Miss Louise C. Gates, who succeeds the late Miss Hedwig D. Hoberger as general secretary of the national council of the Y.W.C.A., will assume her new duties on September 8. Lately general secretary of the Y.W.C.A. in Montreal, Miss Gates has had a varied and interesting experience, including eleven years as general secretary of the Y.W.C.A. in Toledo, and several months as advisory secretary to the Y.W.C.A. in Rio de Janeiro. A graduate of McMurray College, Jacksonville, Miss Gates also has done post-graduate study at Columbia University and the University of Chicago.

Another interesting appointment to the national staff of the Y.W.C.A. is that of Miss Julia Matouskova, of Prague, formerly general secretary of the Y.W.C.A. in Czechoslovakia, who will be associate secretary in the education and programme department. A graduate of Prague University and Vassar College, Miss Matouskova has, from Prague University, the degree in theology necessary for pastors. Miss Matouskova attended the first World Congress of Christian Youth, held recently in Amsterdam, and has now taken up residence in Toronto.

**Will Represent Victoria Alumnae**

Sister Mary Dorothea and Sister Patricia, of the Sisters of St. Ann, Victoria, will be among those attending the Canadian Federation of Convent Alumnae convention opening in Winnipeg on August 30. Plans for the convention, which will last two days, are nearing completion, and convent graduates, both Catholic and non-Catholic, from all parts of Canada, will attend.

plaints from various Chinese about a gambling monopoly," he said. "We found that these places were being run by just two or three men, and anyone else trying to open up would be immediately closed."

"Harry Joseph (Chinese) tried to open a gambling joint, was raided twice in three or four days. One of his keepers was arrested and heavily fined. Other joints were allowed to go for months without a raid."

Yendell said he reported this to Chief Foster on April 7 and received a reply three weeks later, saying the chief regretted delay in acknowledging his information because he was busy with arrangements for the Royal visit. The matter had been handed on to various departmental heads for action.

Yendell was appointed a special officer several months ago by the Police Commission and was detailed to the gambling squad. He claimed he almost closed down gambling in two raids after his appointment. Then he was deprived of his partner.

**"NO ACTION TAKEN"**

"A man can do nothing alone," he added. Since July 21, he claimed, he had reported several times on gambling activities, but no action was taken.

Evidence during the morning centred on \$10 which allegedly was lost by Edward Hartley while he was held in jail overnight for intoxication.

Assistant Jailer Ray Slatery explained the money apparently became mixed up with the effects of a Chinese, Yung Yung, who has not been seen since. Five officers involved each contributed \$2 to make up the loss to Hartley.

Another morning witness, Deputy Chief Constable Donald McKay, testified it was his opinion Chief Foster is "one of the most efficient chiefs for peace."

which Germany carved out of former Czechoslovakia.

These demands, reported dispatched to the capitals of most European countries Tuesday, were said to have included two alternatives for Poland:

Either Poland accepts these terms and permits peaceful German occupation, or Poland fights, with the result that Germany will see to it that her eastern neighbor is partitioned once more as she has been three times in the past.

**BRITAIN'S PLEDGE**

Britain's pledge to stand by her independence guarantee to Poland was said to have been conveyed to Hitler by British Ambassador Sir Neville Henderson, who also assured the Nazi chieftain of Prime Minister Chamberlain's continued efforts for peace.

"Too late," was in effect Hitler's reply, it was learned reliably.

While Germans asked each other if their Fuehrer would strike Friday, as was generally assumed by Germans, this was the picture in other Old World capitals.

Great Britain moved firmly toward a war-time footing.

France ordered partial mobilization, bringing her armed forces on duty to approximately 2,000,000 men. The French shared the gloomy view

of their British allies, declaring that the conclusion of the projected German-Soviet Russian non-aggression pact—regardless of what it contained—would make it virtually impossible to avoid war.

**APPEAL FOR PEACE**

King Leopold of Belgium, in a dramatic appeal for peace on behalf of seven small powers of Northern Europe, urged the men on whom events depend to submit their conflicts "to open negotiations in a spirit of brotherly co-operation."

The appeal was made with the approval of the governments of Norway, Sweden, Denmark, The Netherlands, Finland and Luxembourg, whose foreign ministers completed a hurried one-day conference to seek a way for peace and to preserve their own neutrality.

Two members of the British military mission, sent to Moscow to help their now halted efforts to win Russia over to the British-French front, planned to leave for home today, presumably to report and get instructions.

President Roosevelt cut short his vacation cruise and sped back to Washington, where speculation centred on whether he would make another peace appeal to Europe.

The State Department advised that Americans contemplating a trip to Europe stay at home, and the American embassies in France and Poland suggested that Americans there leave as soon as possible.

### GERMAN-SOVIET PACT IS SIGNED

Continued from Page 1

"It may be assumed with certainty that in the Moscow talks a division of the mutual spheres of interest will be arrived at which will correspond to the wishes of the German as well as the Russian nation."

This was interpreted as hinting at the possibility of another partitioning of Poland should the present dispute lead to successful forceful measures.

Hitler also was believed to have told Prime Minister Chamberlain in a detailed memorandum that if Poland resisted Nazi claims and decided to fight it would mean the partition of Poland. In the event of a peaceful settlement, however, Germany would consent to a set-up which would put the Polish nation under a German protectorate.

Whether Germany and the Soviet Union actually got down to concrete cases in connection with their "common interests" could not be learned here. The treaty also provided for a settlement of all differences hereafter by "friendly" discussion and arbitration.

#### TEXT OF TREATY

Text of the pact follows: "The German Reich's Government and the Union of the Soviet Socialist Republics, moved by a desire to strengthen the state of peace between Germany and the U.S.S.R., and in the spirit of the provisions of the neutrality treaty of April, 1926, between Germany and the U.S.S.R., decided the following:

"Article I. The two contracting parties obligate themselves to refrain from every act of force, every aggressive action and every attack against one another; including any single action or that taken in conjunction with other powers.

"Article II. In case one of the parties of this treaty should become the object of warlike acts by a third power, the other party will in no way support this third power.

"Article III. The Governments of the two contracting parties in the future will constantly remain in consultation with one another in order to inform each other regarding questions of common interests.

"Article IV. Neither of the high contracting parties will associate itself with any other grouping of powers which directly or indirectly is aimed at the other party.

#### FRIENDLY EXCHANGE

"Article V. In the event of a conflict between the contracting parties concerning any question, the two parties will adjust this difference or conflict exclusively by friendly exchange of opinions or, if necessary by an arbitration commission.

"Article VI. The present treaty will extend for a period of ten years with the condition that if neither of the contracting parties announces its abrogation within one year of expiration of this period, it will continue in force automatically for another period of five years.

"Article VII. The present treaty shall be ratified within the shortest possible time. The exchange of ratification documents shall take place in Berlin. The treaty becomes effective immediately upon signature.

"Drawn up in two languages, German and Russian.

ENVOYS CONFIR

ROME, Aug. 23 (AP)—The French ambassador and the Italian Foreign Minister were reported reliably tonight to have advised each other that their respective nations would do if Fuehrer Hitler marched on Danzig.

Ambassador Andre Francois-Poncet, whose nation is pledged with Great Britain to aid Poland, talked with Count Ciano Diplomatic quarters said the interchange of attitudes was of great importance in the light of the grave European situation.

Sir Percy Lorraine, the British

ambassador, called upon Count Ciano earlier in the day.

Ciano was reported to have told Francois-Poncet in effect Italy would stand solidly with her axis partner, Germany, in peace or war.

It was evident from Fascist newspapers that Rome, as well as Berlin, hoped to get more out of the brewing crisis than the return of Danzig to Germany.

**ITALIAN CLAIMS**  
The press declared frankly that it would be necessary also to restore Germany's war-lost colonies, and satisfy Italian claims on France for privileges in Tunisia, the Suez Canal and Djibouti.

Outward signs of military activity were lacking. Premier Mussolini and his officials were silent. A fervent desire to avoid war was expressed in the newspapers.

The Fascist press showed an uncompromising attitude urging London and Warsaw to avert the threat of war by letting Germany have Danzig without a struggle.

Giovanni Ascarelli, who often recited the views of the Foreign Minister, Count Galeazzo Ciano, forecast in the Leghorn newspaper, L'Espresso, that negotiation of the German-Soviet non-aggression pact will be followed by a reconciliation between Russia and Japan.

The Japanese ambassador, Toshio Shiroto, talked with Count Ciano last night.

**POLAND HAS HOPE**  
WARSAW, Aug. 23 (AP)—A belief the Western powers friendly to Poland were embarking upon "aggressive" diplomatic tactics to maintain peace inspired a glimmer of hope in Polish circles tonight that the European crisis might be diminished.

There was, however, a general recognition of the critical state of affairs and a feeling noted also in other circles that the issue of peace or war might be decided within a very few days.

Great interest centered upon the news Sir Neville Henderson, British ambassador to Germany, had seen Fuehrer Hitler at Berchtesgaden.

Poland saw this as a "last warning," as the evening newspaper Czas put it, that Great Britain was firmly determined to aid the Poles if they are attacked.

While Sir Neville was seeing Hitler, the British ambassador to Warsaw, Sir Howard Kennard, and the French envoy, Leon Noel, talked at length with Foreign Minister Beck.

### SCHOOLGIRLS LIKE CANADA

Continued from Page 1

The immensity of the distances, the vastness of the forests, the enormous size of the Great Lakes, the loneliness of the Prairies, the imposing grandeur of the Rockies, the comfort of travel, and last, but not least, the wonderful cordiality of the Canadian people—these are among the things which have made the deepest impression on the party of sixty-five touring British schoolgirls who yesterday enjoyed their first day's programme in Victoria as the guests of the National Council of Education.

Miss A. M. de Putron, O.B.E., headmistress of The Beehive, Bexhill-on-Sea, who is in charge of the party, endorsed the foregoing impressions, gathered from the girls themselves, and said that it was a complete eye-opener for them when, on arrival in Quebec, they discovered that instead of being merely a kind of Cook's Tour across the Dominion, they were to enjoy a highly personalized hospitality.

"Most of all have the girls appreciated the privilege of staying in Canadian homes, meeting people in an informal way, and hearing their views about things," said Miss de Putron.

While the tour was arranged by the National Council as a means of reciprocating the hospitality shown Canadian girls who went to England at the time of the Coronation, the girls and accompanying teachers say that the ready response to the National Council's invitation is largely due to the interest in Canada inspired by the visit of the Canadian girls at that time. The visit of the King and Queen also greatly stimulated interest in this country, schoolchildren in the Old Land following the Royal tour day by day with the help of a map. So, they said, it was with much better informed curiosity that they set out on the long journey, which they had been anticipating for months with much excitement.

A negro clergyman, in one of his sermons, exclaimed to his congregation:

"Eternity! Why, don't you know the meaning of that word? It is for ever and ever, and five or six eights—top of that. You might place a row of figures from here to sunset, and add them all up, and it wouldn't begin to tell how many ages long eternity is. Why,

speaking at Thaba Pacha, Orange Free State, the Deputy Premier of South Africa, General Jan Smuts, who commanded British troops in East Africa during the Great War, said "I look upon these days as very dark, very serious and very grave."

Reports from Simla indicated that mobilization orders might be issued for Indian Army reserve officers and air raid precautions taken.

Defences at Hongkong were being strengthened and evacuation of women and children to a safer zone was contemplated.

At Gibraltar elaborate military preparations were being made. Boom defences were placed in position in the harbor and the Spanish frontier zone was reinforced.

Tonight British planes "bombed" Gibraltar, testing the Rock's defences against aircraft.

### SCHOOLGIRLS LIKE CANADA

The immensity of the distances, the vastness of the forests, the enormous size of the Great Lakes, the loneliness of the Prairies, the imposing grandeur of the Rockies, the comfort of travel, and last, but not least, the wonderful cordiality of the Canadian people—these are among the things which have made the deepest impression on the party of sixty-five touring British schoolgirls who yesterday enjoyed their first day's programme in Victoria as the guests of the National Council of Education.

Miss A. M. de Putron, O.B.E., headmistress of The Beehive, Bexhill-on-Sea, who is in charge of the party, endorsed the foregoing impressions, gathered from the girls themselves, and said that it was a complete eye-opener for them when, on arrival in Quebec, they discovered that instead of being merely a kind of Cook's Tour across the Dominion, they were to enjoy a highly personalized hospitality.

## Cardinals Beaten By Brooklyn, 8-3; Cincinnati Wins

St. Louis Drops Another Game to Dodgers and Losers Ground in National League Race—Leaders Blank Phillies—Cubs Trim Giants—Yanks Capture Two From White Sox

By The Canadian Press  
Chicago Cubs moved a game nearer second place in the National League yesterday, by beating the Phillies, 3-0, while Brooklyn Dodgers were defeating second-place St. Louis, 8-3, in the odd match of their three-game baseball series. The Cubs were paced by Hank Leiber, who collected a double and homer, and Billy Herman, who spaced a four-run fourth-inning rally with a four-bagger.

The National League-leading Cincinnati Reds advanced their margin by a full game by whipping the Philadelphia Phillies, 3-0, while Brooklyn Dodgers were defeating second-place St. Louis, 8-3, in the odd match of their three-game baseball series. The Reds gave the Reds their first run, the other two runs came in the eighth when Cincinnati collected four of the eight hits yielded by Frank Beck.

The unpredictable Dodgers completed a sweep of their three-game baseball series with St. Louis Cardinals by taking an 8-3 victory behind the eight-hit hurling of Lefty Al Hollingsworth. Cards are now five and one-half games behind the leading Cincinnati team.

A bounding grounder to deep short that Pep Young beat out, robbed Salter Bledsoe of a potential home run as Boston Red Sox won by 9-1, the second and final baseball game of a short American League series.

Behind steady, effective pitching by Frankie Fister, Red Sox won by 9-1, the second and final baseball game of a short American League series. The Red Sox won by 9-1, the second and final baseball game of a short American League series.

Three Philadelphia batters found the range on Freddy Hutchinson, high-priced Detroit rookie, and as a result the Athletics took a 7-6 American League baseball series.

## VICTORIA IS GIVEN BERTH

Officially Granted Franchise in Big Four Canadian Football League

VANCOUVER, Aug. 23 (CP)—A Victoria Canadian football team has been granted a franchise by the Big Four Canadian Football League here, it was announced today by league officials.

Entry of the Victoria squad into the loop was approved at a meeting last night, at which Bill McMahon, of North Vancouver, was elected league president to succeed Sax Crossley, of Vancouver.

Al Douglas was named secretary; Jim O'Hagen, first vice-president, and Maury Van Vleet, second vice-president.

Opening game of the new schedule will be at Athletic Park here, September 23, with Victoria's team, headed by George Deacon, former North Shore Lions' coach, making its debut at home, September 30.

DARLEN, Conn., Aug. 23 (CP)—The last Canadian and British Commonwealthers for the United States women's golf championship played from the field today as the competition narrowed to the quarter-finals.

Miss H. Douglas McIlwraith, of Hamilton, Ont., only Canadian who qualified for match play, was defeated 4 and 3 by Charlotte Glutting, of West Orange, N.J., in the second round.

It was Miss Glutting, a top-flight golfer for several seasons, who went into the third round to eliminate the British champion, Pam Barton, 1 up, with a birdie on the first extra hole.

The English girls' champion, Miss Sheila Stroyan, took a third-round trimming, 6 and 4, from Betty Jameson, of San Antonio, Tex.

Old Father Time will take a real looking in the old-timers' exhibition, when ball stars of more than four decades ago will swing into action at the local diamond.

Two clubs, to be known as the Islanders, the name given Victoria's professional club of 1911, and the Maple Leafs, the monkey of one of the city's oldest amateur clubs, being organized in 1892.

Approximately thirty players are scheduled to see action in the old-timers' exhibition, as the Victoria Baseball Association turns back the clock for a few decades. Many players who carved their names into Victoria's baseball history will again don a uniform and return to action in a game they really love.

Considerable interest is being shown in the attractive window display at the Caledonia Avenue ball lot, with midweek teams opening the show at 1 o'clock, and two old-timers' clubs playing at 2:30 o'clock. The grand finale will be a play-off game between local rivals.

## Leading National League

JOHNNY MIZE  
Hard-hitting first baseman of the St. Louis Cardinals, second-place team in the National League ball race, who is playing great ball for the Red Birds. Mize started off poorly with the bat, but is now leading the circuit with an average of .351. Last season Mize lost the batting crown to Ernie Lombardi, of the Cincy Reds, by a whisker, but is really going after the honors this year.

## Australians Will Face Yugoslavs In Zone Finals

BROOKLINE, Mass., Aug. 23 (AP)—A grimly-determined Yugoslav Davis Cup team engaged in two practice sessions today in preparation for a clash with the heavily-favored Australians tomorrow—with the prize a direct shot at the United States-held tennis cup.

Few have conceded the European zone winners much of a chance against the polished Aussies, Jack Bromwich and Adrian Quist, but those who watched their slashing games today opened their eyes in some surprise.

Draga Mitic, twenty-one-year-old second-stringer on the Yugoslav team, will open the final interzone tie against Quist, the second-ranking Australian, with the topnotchers of the two teams, Ferenc Puncsics and Bromwich following.

Miss H. Douglas McIlwraith, of Hamilton, Ont., only Canadian who qualified for match play, was defeated 4 and 3 by Charlotte Glutting, of West Orange, N.J., in the second round.

It was Miss Glutting, a top-flight golfer for several seasons, who went into the third round to eliminate the British champion, Pam Barton, 1 up, with a birdie on the first extra hole.

The English girls' champion, Miss Sheila Stroyan, took a third-round trimming, 6 and 4, from Betty Jameson, of San Antonio, Tex.

Old Father Time will take a real looking in the old-timers' exhibition, when ball stars of more than four decades ago will swing into action at the local diamond.

Two clubs, to be known as the Islanders, the name given Victoria's professional club of 1911, and the Maple Leafs, the monkey of one of the city's oldest amateur clubs, being organized in 1892.

Approximately thirty players are scheduled to see action in the old-timers' exhibition, as the Victoria Baseball Association turns back the clock for a few decades. Many players who carved their names into Victoria's baseball history will again don a uniform and return to action in a game they really love.

Considerable interest is being shown in the attractive window display at the Caledonia Avenue ball lot, with midweek teams opening the show at 1 o'clock, and two old-timers' clubs playing at 2:30 o'clock. The grand finale will be a play-off game between local rivals.

## SET BACK GASMEN IN FIFTH FIXTURE OF ANNUAL SERIES

Sonny Walker Pitches and Bats Team to Victory Over Pitzer & Nex in Rithet Cup Competition, 9-4—Two Grein Drives Hit Out of Park—Next Game Set for Tomorrow Night

RITHET CUP PLAY-OFFS  
Pitzer & Nex..... 5 3 2 600  
Athletics..... 5 2 3 400

Last night's score:  
Athletics 9, Pitzer & Nex 4.  
Next game, tomorrow: Pitzer & Nex vs. Athletics, Royal Athletic Park at 6 o'clock.

HOWING a surprising return to batting form, Sonny Walker, Rithet's Athletics last night hammered out a 9-4 victory over Pitzer & Nex ball tossers in the fifth game of the city baseball championship for the historic Rithet Cup.

Husky Sonny Walker, hard-hitting member of the Athletics, and one of the most useful ball players ever to don a uniform in local amateur Simon-pure circles, literally staged a one-man show last night. Returning to the hillock after a long absence, the big right-hander hurled six-hit ball and kept the base blows far apart that the gasmen found it difficult to get badly-needed runs.

On the attacking side of the picture, Walker punched out a triple and a homer in three trips to the plate, and scored five of the Athletics' nine markers.

As had power in his bats, and while they only collected seven safeties in the abbreviated contest, five of those went for extra bases. Charlie Restell, centre fielder, duplicated Walker's home run feat, while Lawrence Given, another fly shagger, punched out a triple and a double in his three trips at bat.

Axel Kinnear, second sacker, was the only other player on the Athletics' line-up to hit safely.

GOES TO SHOWERS  
Louis Leonard, young portlander, paraded to the slab, and only lasted a third of an inning. Successive triples by Sonny Walker and Lawrence Given ended Leonard's short stay on the mound.

Lorne Murray took up the heavy work for Pitzer & Nex, and yielded momentarily the Athletics' attack, only to bump into considerable trouble in the second inning. With two men on the cushions and two down, Walker lofted the ball high over the centre field fence to score three runs. Given followed with a double, and crossed the plate seconds later on Axel Kinnear's single. Doug Lindsay fled out to deep right field to end the inning.

Athletics wound up their scoring in the third session, when Charlie Restell, poked out the second circuit drive of the game by lifting the ball over the Pembroke Street fence.

Pitzer & Nex, beaten for the second time in nine play-off games, kept trying hard all evening, but were unable to bunt their base blows from the slants of Walker. They poked out six safeties and did all of their scoring in the first three innings, marking up one run in the first, one in the second and two in the third.

Gasmen pulled off the only double killing of the hard-hitting tussle when Henry Harris took Kuwabara's line drive and doubled George of the keystone base.

SIXTH GAME TOMORROW—Back in the picture once more, Athletics will be on to tie up the series when the clubs meet tomorrow evening in the sixth fixture.

## ISLAND FINAL TO GET UNDER WAY TONIGHT

New Method Laundry Softballers Will Oppose Lady-smith Nine

The Lower Island championship safely tucked away, Manager Bert Simpson's peppery New Method Laundry softballers will open their bid for Island honors this evening at Royal Athletic Park, when they battle Lady-smith Cubs, Up-Island titleholders, in the first of the three-game series. The fixture is scheduled for 5:45 o'clock.

Laundrymen disposed of Manager Jim Lackie's Victoria Longhorns men in the Lower Island series, winning the odd game in five after one of the most interesting play-downs in the history of the local association. Tonight they will go up against the Lady-smith softballers, determined to take the opening clash on their home lot.

Up-Islanders, according to reports, have a young, fast bunch of players who should provide good opposition for the laundry nine. They are not particularly heavy hitters, but play good defensive ball and are fast on the paths.

The second game will be played at Lady-smith, Sunday, and a third, if necessary, will be held at Royal Athletic Park here.

**CARDS WIN ANOTHER**

Manager Jack Taylor's Cardinals ran their current season's winning streak to thirteen games last night when they turned back Hunt's Garage, 10-8, in the first game of the women's league play-downs, played at Central Park.

Cards started their scoring in the first frame and were always on the right side of the score sheet, but their opponents pulled up to within one run in the first half of the seventh. Dolly O'Connor hit a homer for the winners in the third frame.

Ira Milliken hurled good ball for the winners and was awarded good support in the crucial stages. Ira Rodger turned in a good performance on the hillcock for Hunt's Garage. Each team collected sixteen safeties.

The second game will be played tomorrow evening at Sidney.

Harknett Fuel softballers won by default from V.M.D. in a scheduled Peden Cup fixture when the machinery failed to field a team.

**GOING UP-ISLAND**

Ralph Alcock, Archie McKinnon, June Staniel and Jim McCague, Victoria swimming coaches and competitors, will travel to Qualicum Beach today to take part in the Up-Island water sports.

## At the Theatres

**EXCITING PICTURE BOOKED AT PLAZA**

"The Little Adventurers," Colorful Film of Theatre and Race Tracks, Opens Here

An exciting colorful film of the theatre and the race tracks, "The Little Adventurers," will open at the Plaza Theatre today. Thirteen-year-old Edith Fellows, the versatile little screen star, joyfully moves through a finely-constructed tale of a little orphaned show girl who inherits a trick horse.

The picture is filled with tense action, teeming with dramatic situations, and packed with rich comedy. Sensational race-track scenes, filmed at the world-famous Santa Anita race track, a heart-stopping "slide for life," in which two famous circus acrobats slide down a 150-foot wire, and the work of Countee, one of the cleverest horses yet seen on the screen, are other highlights of the picture.

## SWEETHEARTS OF WEST ON SCREEN

Roy Rogers and Mary Hart Co-Star in "Shine On Harvest Moon" At the Columbia

Romance has invaded the Western field, and from all appearances it is here to stay. Roy Rogers and Mary Hart, currently featured in "Shine On Harvest Moon," opening today at the Columbia Theatre, have earned the popular appellation "Sweethearts of the West," on the strength of two previous pictures in which they co-starred, "Come On Rangers" and "Billy the Kid Returns."

Miss Hart, Western Sweetheart No. 1, has been in the theatre since she was three years old, when she appeared with her brother in a dance act. She hails from a distinguished family of actors; her grandfather was John Hallow, one of the most popular stage stars of his day.

## "MIDNIGHT" WILL SHOW AT OAK BAY

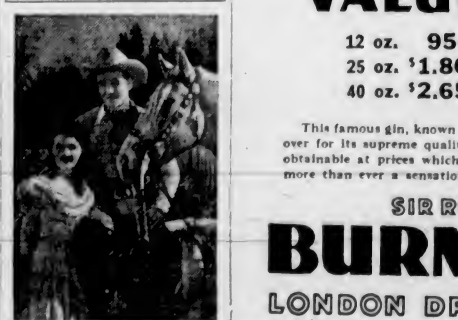

Claudette Colbert and Don Ameche—those two superb comedy players—have a story and supporting cast worthy of their talents in their first picture together, "Midnight," which will open tonight at the Oak Bay Theatre.

Written with a smart eye on Miss Colbert's and Ameche's outstanding abilities as comedians, "Midnight" tells a gay and light-hearted story of the adventures of an American girl on the loose in France's glittering international set, with the emphasis placed on her romance with a hard-boiled taxi driver.

**ATLAS** The Ritz Brothers Theatre come to grips with a best so unity that it is described as "the thing snakes see when they get drunk" in "The Gorilla," the 20th Century-Fox fund-and-fright feast, which will close tonight at the Atlas Theatre.

**CAPITOL** England's great schools, many of them centuries old, formed picturesque locations for thrilling moments in "Goodbye, Mr. Chips," Metro-Goldwyn-Mayer's British-made picture, based on James Hilton's best-selling novel and bringing Robert Donat to the Capitol Theatre screen.

**Cast in Romantic Story of West**

MARY Hart, Roy Rogers and Trilger in a scene from Republic's "Shine On Harvest Moon," which will open at the Columbia Theatre today.

## NEW PRINCIPAL OF INSTITUTION

Rev. Brother E. A. English  
Appointed Head of St.  
Louis College

Appointment of a new principal for St. Louis College was announced yesterday, in the person of Rev. Brother E. A. English, B.A., for thirteen years a member of the teaching staff of the institution, and a native of St. John's, Newfoundland. He succeeds Rev. Brother E. B. Walsh, M.A., who will leave for Vancouver next week to become principal of Vancouver College, Shaughnessy Heights.

Brother Walsh has been principal of St. Louis College for the last three years, coming here from Vancouver College, where he taught for the previous eleven years.

Brother G. Reilly, a native of Butte, Montana, will be a new addition to the staff this year; and Brother A. Daly, from Briscoe School, Kent, Wash., will replace Brother J. B. Ryan, who has been stationed here for the past three years.

**NEW YORK CEREMONY**  
William Drayton, the first graduate of St. Louis College to enter the Order of the Christian Brothers of Ireland, will be received into the congregation at a ceremony in New York City next Monday.

Bernard Costello, seventeen-year-old son of A. Costello, sexton of St. Andrew's Cathedral, and Mrs. Costello, 155 Croft Street, will leave for New York next week to enter the order. He graduated from the college last June.

## Children Shown Ways to Prevent Street Accidents

How school children may take a part in the prevention of street accidents was demonstrated by Sergeant George W. Kimball, director of junior safety in Seattle, yesterday morning, in the council chamber of the City Hall, when he showed moving pictures on safety and school patrol.

Sergeant Kimball is visiting here through the courtesy of the Seattle chief of police, William H. Sears, and addressed the Kiwanis Club on Tuesday, on safety work.

A rapid junior audience followed the film showing with interest, as Sergeant Kimball pointed out to his listeners how to cross streets, watch traffic signals, and put confidence in the police officers.

Mayor Andrew McGavin attended the lecture, and thanked the officer for his address. He urged the children to take the advice to heart, and said that it was through the co-operation of municipalities in putting on campaigns of this kind that youth had the chance to observe and learn the best methods for the prevention of accidents.

## WEEP FOR LOVE BY RUBY M. AYRES

**CHAPTER XXXIX**  
Elizabeth took the chair that Selby had drawn out for her.

"Frock all right?" Roy inquired. "Yes; it's rather a cobbie, but it doesn't show much. Fill my glass, please, I'm thirsty."

"Told you you would be," he said. "I expect you're hungry, too. Here, waiter."

Elizabeth glanced furtively round the room as though in search of an enemy, but she could not see Lawless among the crowd. She picked up the spray of lilies and held them against her lips, and suddenly she was back again in the walled garden at High Chimneys, standing before the sundial which bore the words, "Love makes time pass away. Time makes love pass away."

Odd that she should think of them now, for there had been no lilies there.

"Lawless is with the Desmonds," Roy was saying. "Aren't they friends of your sister's?"

"Yes, I think they are, but I don't know them very well."

"I can't stand Mrs. Desmond," Roy said, boyishly. "She's such a snob. She and all sorts of things about Penelope after her engagement to Lawless was broken off."

"What sort of things?"

He shrugged his shoulders. "Well—she made out that Lawless jilted her and said there was another girl he'd been running about with and Penelope wouldn't stand for it."

"Is that such a very dreadful thing to say?" Elizabeth asked quietly. "It might be the truth."

He looked at her with faint suspicion before he answered bluntly: "Lawless isn't that sort of chap; he'd play fair."

"He's lucky to have such a champion," Elizabeth said.

Roy smiled as if the words pleased him.

"Mrs. Desmond and I had quite a flare-up about it," he told her complacently. "And when I'd made her thoroughly angry, she went one better and offered to bet me anything I liked that they were married."

Elizabeth raised her beautiful eyes to his face, not understanding. "Who were married?" she asked.

"Lawless and Penelope. She talked a lot of rubbish about a runaway match—not that I believe it," he added a little shamefacedly.

Elizabeth's eyes did not falter, and she was even conscious of a faint amusement because Roy looked so embarrassed.

"But how can Mrs. Desmond possibly know—even if it is true?" she asked.

He shook his head. "I don't know. Except that at one time she and Penelope were awfully thick, and Penelope may have told her."

There was a short silence before Elizabeth said bluntly:

"There was no need for a runaway match. Nobody objected to

Penelope's marrying Mr. Lawless, did they? I think it's a silly thing to say."

"People do silly things sometimes," Roy answered. "Especially when they're keen on someone. I suppose it makes things a bit more romantic."

He looked at her and smiled boyishly.

"I'd rather have a runaway marriage myself than all the fuss and dandangle of a wedding, anyway. I loathe weddings." He seemed struck by her silence for he asked hurriedly: "I say, you're not offended because I told you what Mrs. Desmond said, are you?"

"Why should I be offended? It's nothing to me."

Roy looked relieved. "Come and dance," he invited as the band began to play. "Oh, goodness, here's the waiter with the food. I suppose we'd better eat it or it will get cold." He peered down at the dishes which were being set before them.

"What is it, do you think?" he inquired interestedly.

Elizabeth picked up the menu card.

"It's something a la something," she told him. "I'm no good at French."

"Why don't they use English names?" Roy grumbled. "Hullo, talk of the angels—here they are."

He rose reluctantly to his feet as Lawless and Mrs. Desmond approached, but Elizabeth still studied the menu.

"Hullo!" Mrs. Desmond greeted them. "Hullo, Elizabeth! How are you? And how is poor Penelope?"

There was exaggerated anxiety in her voice as she spoke the last words.

"I've heard all about her and I'm terribly distressed, though we haven't met since she came home. Really she has no luck, simply no luck, has she?"

"Penelope is very well, thank you," Elizabeth answered.

## RANGER SIGHTS BEAR IN METCHOSIN AREA

METCHOSIN, Aug. 23.—Assistant Ranger W. Aldorf sighted a brown bear crossing the Happy Valley Road early on Tuesday morning. The bear, which has killed a number of sheep in the district, and on one occasion visited a chicken yard, has several times been seen in the last few weeks, but the dry season makes tracking difficult.

## Chal Body Yours JAMES W. BARTON, M.D.

CAUSES AND TREATMENT OF  
ASTHMA

I write often about asthma because so many suffer with it, and because, as medical students, we were taught in the cause was unknown and there was no cure. Relief from attack was affect-

ed by the use of nitroglycerine or amyl nitrite. The use of injections of epinephrine-adrenalin is now more generally used.

Today, while the cause of some cases is unknown, a cause for the majority of cases can be found if diligent search be made. Research workers are now agreed that asthma is not a disease, but a group of symptoms with not one but a number of causes.

Drs. P. De Bessaques and A.

Berat, in Archives of Medicine-Surgery, Paris, stress the importance of the "constitutional" factor as an underlying cause of asthma and show that effective treatment can be realized only when the complex problem of the make-up is clearly understood. They examined forty asthmatics thoroughly. They found that asthmatics were of the high strung, nervous type, much like sufferers with hay fever. There was often rapid heart beat, neuro-

sis (thinking an ailment present when none exists), and also emotional disturbances. Their studies of these forty cases showed that there were three factors in the cause of asthma, all of equal importance: (1) the respiratory (nose, throat, lungs) factor; (2) the insatiably (easily upset) of the nervous controlling the organs of the chest and abdomen, and (3) the liver factor.

Having these three causes in mind,

they proceeded to treat asthma from the three different standpoints. For the respiratory (breathing) they use epinephrine (adrenalin) and ephedrine; for that part of the nervous system controlling lungs, heart and digestion, they use a "quieting" drug such as belladonna and phenobarbital; for the liver or hepatic system they recommend diet methods and liver preparations.

In cases where the asthmatic is

allergic or sensitive to certain substances, tests for these substances are made. Among the new methods of treatment are the breathing exercises—blowing all air slowly from the lungs—and the use of short-wave treatments.

Remember, the patient's general make-up, obstructions of nose, and sensitiveness to various substances, can each and all be the cause of asthmatic attacks.

Jones (meeting an old friend on a mile of my house, I hope you'll the train: "If you ever come within stay there all night."
